A Little Knocking On Roads

Convicts Shifting North; Yuma Howls!

A good deal of quiet amusement has been had—especially among newspapermen—over the road situation in Yuma county. When folks get indignant, that often is funny. And that is the way with Yuma county folks. But everybody in the state who has to travel roads, will sympathize with those Yumans.

It's about the convicts, who were not permitted to suffer the perils of sunstroke while working to finish the Yuma-Phoenix highway.

Boss Eddy, of Riley's garage in Yuma, writes something in this sarcastic manner relating to the incident: "Well, I see the prisoners have again come on their vacation and we are still raising a hell of a dust down this way. I hope to see some road between here and Phoenix within the next decade, but guess we will have to do the building, if it is done."

It has been called to the attention of The Republican that roads where roads are most needed at this time of the year, are rotten. The Yuma route, an outlet to the coast, is dusty and rough. On the road to Prescott, the Agua Fria crossing is especially bad. Both should be heavily traveled roads at this time of the year.

Yuma county is building a new road between Agua Caliente and Palomas, and another stretch of the old road between Palomas and Yuma is being repaired. But the convicts are not doing it. They have been sent north, where the counties already have the most splendid road system in the state. But there are votes, even where the roads are bad.

The new plank road between Yuma and El Centro will be open shortly.

But that won't help Salt River valley people get to Prescott comfortably and safely for Frontier Days.

MIDDLETON STARS WITH LOUISVILLE

Jimmy Middleton.

Jimmy Middleton, pitching for the Louisville Colonels in the A. A., has been right up at the top of the pitching lists all season and turning in victories that have helped keep the Colonels near the lead of the race. Jimmy isn't a giant for size, but he's got lots of stuff.

Of the clubs here, as they are making as much, if not more, than they can in organized ball, and the season is quite a bit longer.

Pitcher Lush worked four innings for the Millers against the Smelter and although four runs were scored on him, he pitched good ball and will be a valuable man to have, as he can play first base or the outfield and is a good hitter.

"Pete" Delbi is pitching great ball for the Miners. His slow ball is a dandy. Although it comes up to the batters as big as a barn, all they can do with it is to pop up, or ground out.

Manager Arbogast, of the Millers, has been laid up with fever and has been unable to go to the ball field. Payless has had charge of the club during his absence. On account of Arbogast's illness, the Millers were forced to change their line-up. Car-lash went to first and "Pete" Wacob caught. Although this was Wacob's first game, he sure caught a fine game. He threw out one runner and got one hit out of three times at bat. With a little more "pop" and fight Pete would be easily the best catcher in the league. He has a grand arm, is a good receiver and all that he lacks is aggressiveness.

Schitz is right in starting to hit. He has fiddled good ever since reporting here, but his hitting has not been anything to speak of.

Manager McDurdo is doing some ball busting trying to land a short-stop to take the place of Boekel.

Flick, the smelter second baseman, has been out of the line-up for a couple of games on account of the serious illness of his wife.

Bob Whaling has been filling in at second and has done good work.

Judge Studley, of Hayden, umpired the Mill-Mines game and got away in fine style.

It's about time for Kelly to get back to umpiring, as changing umpires in every game makes it hard on ball players and fans.
